

Cable drum trailer series KTA

for cable and pipe drums

For an easy and faster transport
and decoiling of cable drums

The transport and the unwinding of hugh and heavy cable drums are often challenging for companies in cable constructions.

The cable drum **trailers of the KTA** series were especially developed for this application. The sturdy trailer ensures a high level of comfort and safety when working with cable and pipe drums.

The wide range of trailers, from **1300 kg** up to a total weight of **3500 kg**, allows dealing with nearly every situation working with cable drums.

With the manual winch cable drums can be loaded easily via the tilting frame. A mechanic protection prevents the drum form decoiling while driving. The galvanized steel frame is especially developed for every day work on the construction sites.

Starting at a total weight of 2500 kg the Katimex are equipped with a twin-axles, which handle the enormous weight easily even on difficult ground.

The cable drum trailer, with a hydraulic drive for the cable drum as well as a hydraulic function for lifting and lowering, enable short set up times. The trailer can be operated by only one person.

Another version, also including the hydraulic lifting and lowering-function, but without drive, is offered with a manual hydraulic pump. Here too, only one person is needed to load and unload the trailer comfortable and fast.

Cable drum trailer

Quality features

Transporting and decoiling high and heavy cable drums often present a challenge for companies in the construction site business. The cable drum trailers of the KTA series were especially developed for this application. The sturdy trailer ensures a high level of comfort and safety when working with cable and pipe drums. The galvanized steel frame was especially built for the rough conditions on the construction site according to current EG guide lines.

Options:

Description		art.-no.
2 additional supports in the front	upgradeable	105430
Telescopic damper for tilting frame	upgradeable	105431
Draw eye for trucks	upgradeable	105432

The versions KTA1300 and KTA 1500 kg use a manual rope winch which to achieve an easy loading and unloading of the cable drum via tilting frame

For the trailers KTA 2500, KTA 2700 and KTA 3500 Katimex offers three versions to load and unload cable drum via tilting frame: a manual rope winch, a manual hydraulic pump and a hydraulic power unit.

Following ordering options are available:

- P: with manual hydraulic pump for lifting & lowering of the drum
- M: hydraulic engine to load the cable drum incl. hydraulic drive for cable drum (left/right)
- H: height-adjustable drawbar

Material/Features:

Cable drum trailers up to 1500 kg

- galvanized steel construction
- one central axle, sprung
- wheels: 2 x 175 R 14C
- 2 parking supports in the back
- V-drawbar with support wheel and break
- 12 V on-board power supply
- steel wing, galvanized
- road legal for 80 km/h

Cable drum trailers up to 3500 kg

- galvanized steel construction
- twin-axle, sprung
- wheels: 4 x 185 R 14C
- 2 parking supports in the back
- V-drawbar with support wheel and break, optional: heights adjustable drawbar
- 12 V on-board power supply
- twin-wing made of steel, galvanized
- road legal for 80 km/h

Cable drum trailer

KTA 1300 / 1500

Cable drum trailer 1300 kg / 1500 kg
for transporting and decoiling cable drums.
Total weight 1300 kg or 1500 kg
Maximum drum width 1200 mm

Dimensions : 1700 mm x 3500 mm x 2000 mm

typ	drum-Ø	bearing load	weight	art.-no.
KTA 1300	2000 mm	900 kg	400 kg	105400
KTA 1500	2200 mm	1000 kg	500 kg	105401

KTA 2500

Cable drum trailer 2500 kg
for transporting and decoiling cable drums.
Total weight 2500 kg
Maximum drum width 1600 mm

Dimensions 1950 mm x 5000 mm x 2000 mm

typ	drum-Ø	bearing load	weight	art.-no.
KTA 2500	2500 mm	1900 kg	600 kg	105402
KTA 2500 P	2500 mm	1800 kg	700 kg	105403
KTA 2500 M	2500 mm	1700 kg	800 kg	105404
KTA 2500 H	2500 mm	1850 kg	650 kg	105411
KTA 2500 PH	2500 mm	1750 kg	750 kg	105412
KTA 2500 MH	2500 mm	1650 kg	850 kg	105413

KTA 2700

Cable drum trailer 2700 kg
for transporting and decoiling cable drums.
Total weight 2700 kg
Maximum drum width 1600 mm

Dimensions 1950 mm x 5500 mm x 2000 mm

typ	drum-Ø	bearing load	weight	art.-no.
KTA 2700	2500 mm	2000 kg	700 kg	105405
KTA 2700 P	2500 mm	1900 kg	800 kg	105406
KTA 2700 M	2500 mm	1800 kg	900 kg	105407
KTA 2700 H	2500 mm	1950 kg	750 kg	105414
KTA 2700 PH	2500 mm	1850 kg	850 kg	105415
KTA 2700 MH	2500 mm	1750 kg	950 kg	105416

KTA 3500

Cable drum trailer 3500 kg
for transporting and decoiling cable drums.
Total weight 3500 kg
Maximum drum width 1650 mm

Dimensions 1950 mm x 5500 mm x 2550 mm

typ	drum-Ø	bearing load	weight	art.-no.
KTA 3500	2700 mm	2700 kg	800 kg	105408
KTA 3500 P	2700 mm	2600 kg	900 kg	105409
KTA 3500 M	2700 mm	2500 kg	1000 kg	105410
KTA 3500 H	2700 mm	2600 kg	900 kg	105417
KTA 3500 PH	2700 mm	2550 kg	950 kg	105418
KTA 3500 MH	2700 mm	2450 kg	1050 kg	105419
